We will accommodate your specific needs

- Upcoming EcoSure or Corp Inspection**
- Vandalism damage**
- Urgent safety issue**
- One-time deep cleaning**
- Etc..**

Pricing dependent on scope of work

Testimonials

- ❑ “I would like to take this opportunity to share my experience with you. We had your company out to our restaurant on Nov. 12th and 13th, to have our Playland cleaned and updated. The two gentlemen that were sent out (Perry and Josh) were two of the most knowledgeable and helpful people it was my pleasure to have work with me. Their willingness to please and meet our expectation, doing whatever it took was great. Please forward my thanks to them both.”

Thanks,
Randy Buchko- Area Supervisor

- ❑ “Having the bill split over the next three months would be great. I was very happy with the service we received. I will use the playland service in the future.”

Thank you,
Teresa- Area Supervisor

- ❑ “PlayCare has serviced our PlayPlaces for over 8 years. We have been on a monthly Tune-up program and it gives me peace of mind to know they are clean, safe, and updated for the children. One of our units is 9 years old and it still looks new. The program lends itself to the longevity of the equipment. I do recommend the PlayCare program to all!”

Don Lucia
Director of Operations
Tri-Arch Inc.

- ❑ “We first used PlayCare with the installation of our unit at McOpCo 6092. Due to the large investment that we put into the playplace, I feel that it is important that we maintain the unit. By having PlayCare service our unit, I feel more confident that the unit is safe and free of defects that our maintenance person isn't properly trained to identify. They have been very flexible with their schedule and now that we have two units, they work it out so it is also a little more cost effective for us.”
